Intra Moot Court Competitions

Mooting enhances drafting, legal knowledge, research, command over the formal language used in courts, interpersonal skills, confidence, and presentation abilities. Moot courts give students a preview of what the litigation side of the law is!

A moot court is a replica of real court proceedings. The purpose of moot court competitions is to make students aware of the court proceedings related to disputes between parties. INTERNATIONAL HUMAN RIGHTS DAY

10TH DECEMBER 2022

Human Rights Day is observed every year on 10 December – the day on which the United Nations General Assembly adopted, in 1948, the Universal Declaration of Human Rights. The Universal Declaration of Human Rights empowers us all. The principles enshrined in the Declaration are as relevant today as they were in 1948. The Declaration was proclaimed by the United Nations General Assembly in Paris on 10 December 1948 and sets out, for the first time, fundamental human rights to be universally protected. Available in more than 500 languages, it is the most translated document in the world.

Anantha Law College had celebrated International Human Rights day on 10th December 2022 by organizing few knowledge enhancing sessions where students participated by giving speeches on Human Rights.

Legal Aid- Outreach Programme

Location: Bhanur Gram Panchayat, Patancheru

Date: 21st Decemeber,2022

Justice is not just about stepping into the court. Making people aware of their rights undervarious welfare schemes and programmes, especially to the weaker sections of the society is essential for access to justice. This helps people reach out for help, have their voices heard, exercise their rights and challenge the discrimination faced. The National Legal Services Authority of India (NLSA), constituted under the Legal Services Authorities Act of 1987. One of the objectives of NALSA is spreading legal awareness among the weaker sections of the society and to promote justice.

The management and students (both 5YDC and 3YDC) of Anantha Law College organized a legal aid camp at Bhanur Gram Panchayat, Patancheru, on 21st December, 2022. The main motive of the camp was to educate weaker sections of the society as to their rights and encourage them to exercise the rights given to them. This was done as a way of giving speeches and enacting skits.

- Objective of legal services camp:
- Identifying the underlying issues of people, especially children and women.
- To spread awareness about welfare legislations and schemes.
- To address the legal problems of the people.

All the faculty members are all set to move for an legal aid out reach programme

**Principal
Dr. M. V. Chandramathi

Gram Panchaya members along with the Zilla Parishad School Children at the legal aid out reach programme on 21 December 2022

Legal Aid is the method adopted to ensure that no one is deprived of professional advice and help because of lack of funds. Therefore, the main object is to provide equal justice is to be made available to the poor and weaker section of society.

Legal aid work is evidence of the lawyer's recognition of that professional obligation not only to the individual client but to the general public. Sometimes it is assumed individually. At other times it is a matter for joint action through the bar association

To a lawyer legal aid work is a part of the overall public relations program of the organized bar. In some respects it is the most effective part of that program. It does not limit itself to promulgating a statement of general principles. It is a realistic humanitarian implementation.

The Legal Literacy and Legal Awareness Programme aims to empower the poor and disadvantaged sections of society to seek and demand justice services. The programme was huge success..

Christmas Day Celebrations

Christmas is celebrated to remember the birth of Jesus Christ, who Christians believe is the Son of God. Christians remember that Jesus died and then came back to life. Many Christians in India celebrate Jesus Christ's birth on Christmas Day, which is annually held on December 25. The celebrations are most noticeable in states where there are many Christians.

There were 3 faculty members who believed in Christian faith. Mr. James, Ms. Saritha & Ms. Mani Manjula. All of them had hosted a grand part for all the staff and management.

Mock Parliament (Model Parliament)

9th January 2023

A model parliament (also referred to as a mock parliament) is a simulation of the parliamentary proceedings of a legislature or other deliberative assembly, often based upon the Westminster Parliamentary system.

The law-making bodies are required to discuss various local, national and international issues and then make suitable laws on them. The members of these bodies present all points of views and try to represent all kinds of interests related to a problem. Eventually there is accommodation of various interests and a compromise decision is taken. An effort is always made to take such a decision as would please most and antagonise least. Such decisions are frequently taken by Parliament. The decisions of Parliament are important since they affect the whole country. Each one of us is affected by the decisions of Parliament. The decisions are the result of long drawn debates. For conducting debates in Parliament a detailed procedure of rules is followed. The rules are based on democratic principles. By these rules it is ensured that everybody gets a chance to be heard and a proper decorum is maintained in the course of discussion that goes on in Parliament.

Holding of mock sessions of parliament in schools and colleges in the country is quite an old practice. In these mock parliaments, there are certain deficiencies which reduce their general usefulness and effectiveness. Non issues and very often imaginary issues are chosen for discussions and for the question hour. An attempt is often made to mock the whole procedure in such a way that it proves to be a downright entertainment. The mock session often proves to be a farcial drama.

26TH REPUBLIC DAY JANUARY 2023

Republic Day is the day when India marks and celebrates the date on which the Constitution of India came into effect on 26 January 1950. This replaced the Government of India Act 1935 as the governing document of India, thus turning the nation into a republic separate from British Raj. The constitution was adopted by the Indian Constituent Assembly on 26 November 1949 and came into effect on 26 January 1950. 26 January was chosen as the date for Republic Day as it was on that day in 1930 when the Declaration of Indian Independence was proclaimed by the Indian National Congress.

Republic Day is celebrated every year throughout the nation with great fervor and enthusiasm. This year too, Republic Day 2023 was celebrated with events like parades, cultural programs, rallies, etc.
